May	1650	825
Total	3300	1650

Generic Skills Training

For every Doctoral student AHRC make a financial contribution to the organisation hosting the studentship in order to support provision of generic skills training. Award holders are encouraged to make full use of the training provided by the institution where they are studying.

Collaborative Doctoral Award Holders

An additional sum of £500 will be paid to every Collaborative Doctoral Student in April

* Please note all payments will be made directly to your organisation, and it is your organisation's responsibility to transfer this money to you. AHRC will transfer maintenance payments to your organisation 2 weeks before the start of the relevant quarter. The only exception to this is the Apr- June Quarter. Whilst every effort will be made to transfer this money to your organisation 2 weeks before the quarter starts, due to the financial year end this may not be possible. However, the very latest this payment will arrive with your organisation is 1st April. If you have any query regarding how your maintenance will be paid to you please contact your organisation.

** You are only entitled to the total amount if your course or programme of study is for the full academic year (i.e. 1 October 2008 - 30 September 2009) and you are registered for the entire time. AHRC transfers payments to institutions on a quarterly basis, if your course or programme of study finishes earlier than 30th September, then the quarter in which your end date falls will be pro-rated to reflect the actual duration of your award (calculated using days).
