These notes will be added into the Research Funding Guide and the Je-S Helptext

By submitting you are confirming that:

- The proposal has been written in line with your institution’s data management policy
- You have consulted with the institution’s data support (e.g. library services, IT department)
- The institution is able to store the data appropriately during the lifecycle of the grant, the relevant people have been consulted and this has been considered and agreed
- The institution has considered all the risks, and storage will be in line with the institution’s data management policy (provide a link to the policy if applicable)
- The institution will ensure the format/quality of the data (how will you make it as easy as possible to access the data?)
- You have consulted the relevant people in your organisation and you are aware of any IP considerations
- You have considered any data protection requirements
- You have considered the legal considerations of collecting and releasing the data and have consulted with appropriate support
- The data collection, creation, storage and dissemination will conform to the institution’s ethical policy
- We expect the Data Management Plan will be revisited each year during the award and as long as is required following the award to take into account any potential changes in (for instance) technology/IP/institutional data management policy/copyright to ensure legal compliance

If you cannot comply with these points the proposal will be rejected.
